Lime Green, Olive Drab, Black

Ultra Vue 16

Product#: 35775

With 12 Pins: 35775-P

With 22 Pins: 35775-EP

Test results prove that Iron Duck's Ultra-Vue 16" backboard is among the most rigid boards in any weight class, outperforming competitors at weights up to 1,000 lbs.

In addition to the lowest deflection rates at any weight, the Vue 16 is X-ray translucent, MRI and CT scan compatible. Flat patient surface won't compromise CPR efforts or aggravate cervical spine injuries (as concave boards may).

Fabricated with rotomolded HDPE shell over nontoxic eco-friendly foam, the subtle surface texture prevents slippage but is easy to clean and disinfect. The Vue 16 ships with 10 two inch long reflective strips for added safety in low light situations.
